The light can be colored as you like. Completely covering the object with something opaque blocks the light. The spell ends if you cast it again or dismiss it as an action. 4. You chill, warm, or flavor up to 1 cubic foot of nonliving material for 1 hour.
5. You make a color, a small mark, or a symbol appear on an object or a surface for 1 hour.
6. You create a nonmagical trinket or an illusory image that can fit in your hand and that lasts until the end of your next turn.

If you cast this spell multiple times, you can have up to three of its non-instantaneous effects active at a time, and you can dismiss such an effect as an action.

CHARACTER NAME

Chaos Bolt
Level 1 Evocation
Casting Time : 1 Action
Range : 120 ft.
Components : V, S
Duration : Instantaneous
Casters : SORC

You hurl an undulating, warbling mass of chaotic energy at one creature in range. Make a ranged spell attack against the target. On a hit, the target takes 2d8 + 1d6 damage. Choose one of the d8s. The number rolled on that die determines the attack's damage type, as shown below.

d8	Damage Type
1	Acid
2	Cold
3	Fire
4	Force
5	Lightning
6	Poison
7	Psychic
8	Thunder

If you roll the same number on both d8s, the chaotic energy leaps from the target to a different creature of your choice within 30 feet of it. Make a new attack roll against the new target, and make a new damage roll, which could cause the chaotic energy to leap again.

A creature can be targeted only once by each casting of this spell.

At Higher Levels. When you cast this spell using a spell slot of 2nd level or higher, each target takes 1d6 extra damage of the type rolled for each slot level above 1st.

Color Spray
only available on CRESCENT MOON
Level 1 Illusion
Casting Time : 1 action
Range : Self (15-foot cone)
Components : V, S, M (a pinch of powder or sand that is colored red, yellow, and blue)
Duration : 1 round
Casters : SORC, WIZ

Creatures in a 15-foot cone from you are blinded. If a creature is already blind or unconscious, they are not affected. Starting with the creature that has the lowest current hit points, roll 6d10 to see how many creatures you can affect. If the creature with the lowest hit points is less than the total rolled, subtract the hit points from the number, then move onto the next. When you reach a creature whose hit points would go above the number, subtractions applied, they are unaffected and this casting can't blind anything else.

At Higher Levels: Roll an additional 2d10 for each slot level above 1st.

Player's Handbook pg. 222

Ray of Sickness
only available on NEW MOON
Level 1 Necromancy
Casting Time : 1 action
Range : 60 ft.
Components : V, S
Duration : Instantaneous
Casters : SORC, WIZ

A ray of sickening greenish energy lashes out toward a creature within range. Make a ranged spell attack against the target. On a hit, the target takes 2d8 poison damage and must make a Constitution saving throw. On a failed save, it is also poisoned until the end of your next turn.

Shield of Faith
once per Long Rest without using spell slot
Level 1 Abjuration
Casting Time : 1 bonus action
Range : 60 ft.
Components : V, S, M (a small parchment with a bit of holy text written on it)

Sleep
Level 1 Enchantment
Casting Time : 1 action
Range : 90 ft.
Components : V, S, M (a pinch of fine sand, rose petals, or a cricket)
Duration : 1 minute
Casters : BARD, SORC, WIZ

This spell sends creatures into a magical slumber. Roll 5d8; the total is how many hit points of creatures this spell can affect. Creatures within 20 feet of a point you choose within range are affected in ascending order of their current hit points (ignoring unconscious creatures). Starting with the creature that has the lowest current hit points, each creature affected by this spell falls unconscious until the spell ends, the sleeper takes damage, or someone uses an action to shake or slap the sleeper awake. Subtract each creature's hit points from the total before moving on to the creature with the next lowest hit points. A creature's hit points must be equal to or less than the remaining total for that creature to be affected. Undead and creatures immune to being charmed aren't affected by this spell.

At Higher Levels. When you cast this spell using a spell slot of 2nd level or higher, roll an additional 2d8 for each slot level above 1st.

Player's Handbook pg. 276

Alter Self
only available on CRESCENT MOON
Level 2 Transmutation
Casting Time : 1 action
Range : Self
Components : V, S
Duration : Concentration, up to 1 hour
Casters : ARTIFICER, SORC, WIZ

You assume a different form. When you cast the spell, choose one of the following options, the effects of which last for the duration of the spell. While the spell lasts, you can end one option as an action to gain the benefits of a different one.
Aquatic Adaptation. You adapt your body to an aquatic environment, sprouting gills and growing webbing between your fingers. You can breathe underwater and gain a swimming speed equal to your walking speed.
Change Appearance. You transform your appearance. You decide what you look like, including your height, weight, facial features, sound of your voice, hair length, coloration, and distinguishing characteristics, if any. You can make yourself appear as a member of another race, though none of your statistics change. You also can't appear as a creature of a different size than you, and your basic shape stays the same; if you're bipedal, you can't use this spell to become quadrupedal, for instance. At any time for the duration of the spell, you can use your action to change your appearance in this way again.
Natural Weapons. You grow claws, fangs, spines, horns, or a different natural weapon of your choice. Your unarmed strikes deal 1d6 bludgeoning, piercing, or slashing damage, as appropriate to the natural weapon you chose, and you are proficient with your unarmed strikes. Finally, the natural weapon is magic and you have a +1 bonus to the attack and damage rolls you make using it.

Player's Handbook pg. 211

Blindness/Deafness

You can blind or deafen a foe. Choose one creature that you can see within range to make a Constitution saving throw. If it fails, the target is either blinded or deafened (your choice) for the duration. At the end of each of its turns, the target can make a Constitution saving throw. On a success, the spell ends.

At Higher Levels. When you cast this spell using a spell slot of 3rd level or higher, you can target one additional creature for each slot level above 2nd.

Player's Handbook pg. 219

Player's Handbook pg. 255

Misty Step
Level 2 Conjuration
Casting Time : 1 bonus action
Range : Self
Components : V
Duration : Instantaneous
Casters : SORC, WAR, WIZ

Briefly surrounded by silvery mist, you teleport up to 30 feet to an unoccupied space that you can see.

Player's Handbook pg. 260

Tasha's Mind Whip
Level 2 Enchantment
Casting Time : 1 action
Range : 90 ft
Components : V
Duration : 1 round
Casters : PSION, SORC, WIZ

You psychically lash out at one creature you can see within range. The target must make an Intelligence saving throw. On a failed save, the target takes 3d6 psychic damage, and it can't take a reaction until the end of its next turn. Moreover, on its next turn, it must choose whether it gets a move, an action, or a bonus action; it gets only one of the three. On a successful save, the target takes half as much damage and suffers none of the spell's other effects.

At Higher Levels. When you cast this spell using a spell slot of 3rd level or higher, you can target one additional creature for each slot level above 2nd. The creatures must be within 30 feet of each other when you target them.

You magically twist space around another creature you can see within range. The target must succeed on a Constitution saving throw (the target can choose to fail), or the target is teleported to an unoccupied space of your choice that you can see within range. The chosen space must be on a surface or in a liquid that can support the target without the target having to squeeze.
