KUUTAR

Astral Sea, Trilunar Kingdom | Level 3 - Sorcerer

Aasimar | Chaotic Neutral

SORCERER – ASTRAL DRIFTER

Who are you?

I am Kuutar, the Trilune Goddess. I was born 6000+ years after the ash and agony of the **Funerary Flame**, a war that claimed countless lives and swallowed my heritage whole. All that remains of my past is my wand—a relic that marks me as the true heir to the Trilune Kingdom, a realm now lost to time and conflict.

Throughout my travels across the Astral Sea, I have forged bonds with distant deities who answer my call in times of direst need. Yet my journey is also defined by those I have shaped along the way. I once encountered a woman of towering stature, weeping by the roadside with a broken heart. After listening to her sorrow, I told her that being broken is temporary, but being strong is a **"handy dandy"** asset for the future.

I did not just leave her with words; I stayed and trained her to the point of exhaustion—pushing her until she found her iron will. This grueling discipline earned me her deep-seated admiration, and though we remain in contact, I eventually bid her farewell to continue my solitary journey through the stars.

Where did you come from?

I am of the **Aasimar**, born within the starlit borders of the Trilune Kingdom in the Astral Sea. I am a sorceress by blood and birthright, forever carrying the silvered grace of the Lunar Blessing.

What did you do there?

My purpose was etched in the stars before I could walk: I was to inherit the Trilune throne. However, before I could rule, the kingdom was erased by the fires of war. I am a sovereign of a ghost-realm, carrying the weight of a crown that no longer exists.

Why did you leave/forced to/fled?

I did not choose to leave; I was forced to flee. My survival as the royal heir was deemed more precious than the lives of those who fell defending me. In the chaos of my escape, the trauma fractured my mind, leaving me with significant memory loss. I spent an age drifting through the endless currents of the Astral Sea, a wandering exile far from the home I can no longer remember how to find.
